Questions and Answers

- Q1. The first question I had was on the 7th page of the bid, where the product is listed by price and quantity, there are products we do not offer such as 4oz and the 12oz bottles, would you like for us substitute it with our similar product or just NA to indicate that we do not carry these sizes?
- R1. The size on the 4 ounce bottle has been changed to 8 ounce bottle. A revised Quotation Form is attached. If the company does not provide a 12 ounce bottle, indicate NA on the form.
- Q2. Does the badge form need to be completed and submitted with the RFQ response?
- R2. No.
- Q3. When determining who is awarded the bid, does JAA determine it by the total saving of everything, or by per product separately?
- R3. JAA anticipate awarding the quote on overall cost, not by per product separately.
- Q4. Regarding the pages for names authorized for ID Badges, Applicant Information, Certifying Official Information, Key Request and Vehicle Decal form. Are these all forms to be completed should an award be made? OR do you need these completed now and submitted with the bid submission?
- R5. The application does not need to be submitted with your Quotation Form.
