Exhibit "A" – AC2022-03-05 and AC2021-08-06

Exhibit "B" – Cecil Airport and Spaceport Proposal and Public Notice Postings

BACKGROUND:

Cecil Airport and Spaceport recently underwent an FY24 Florida Department of Transportation inspection to evaluate compliance with state and federal airport standards. The inspection revealed multiple issues with airfield markings that require immediate action. The scope of work consists of removal and restriping of airfield markings.

JAA Award Nos. AC2021-08-06 and AC2022-03-05 to Florida Airfield Maintenance, JV, have \$198,212.64 remaining in approved funds. This request is to increase the funding by \$38,020.25 to: (i) cover the \$236,232.89 pricing proposal to begin the work after Labor Day weekend and complete the scope by the end of September; and (ii) add \$172,821.28 in available funds for "as-needed" requests through contract expiration of December 31, 2024, and any applicable renewals.

RECOMMENDATION:

Procurement recommends JAA Award No. AC2021-08-06, awarded to Florida Airfield Maintenance, JV, for "as-needed" airport pavement marking condition assessments, markings and related services, be further amended to increase the funding by \$210,841.53 to: (i) cover the immediate request for Cecil Airport and Spaceport's airfield marking compliance; and (ii) provide additional funds for "as-needed" airfield marking requests through December 31, 2024, resulting in a new total potential not-to-exceed amount of \$1,500,000.00, based upon satisfactory performance and subject to availability of funds.
