

Understanding IFR Holding Patterns

Join the North Florida FAASTeam in welcoming Christian Pezalla, CFII, ATP, Airline Pilot, and author. This presentation reviews of the basics of holding, glass cockpits, high wind situations, and dealing with disorientation. Areas of discussion will include common mistakes, myths about holding and methods to simplify holding.

Directions: Jacksonville Airport Authority Craig airport board room located at the base of the Control Tower. If flying in please park at Sky Harbor.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
