

# Public Hearing

## Proposed Closure of the Main Street (SR-5) Bridge On-Ramp

Financial Project ID: 435845-1

The **Florida Department of Transportation** invites you to attend a public hearing to discuss the proposed closure of the on-ramp from Independent Drive to the Main Street (SR-5) Bridge in Jacksonville, Florida. The proposed ramp closure is being requested by the City of Jacksonville and is consistent with their plans for the redevelopment of the Jacksonville Landing.

For this reason, southbound access to the Main Street Bridge is being studied to determine if the two existing southbound access points can be modified to a single access point. Currently, southbound bridge traffic can cross the bridge by entering from eastbound Independent Drive or from southbound Main Street. The proposed improvements recommend closing the Independent Drive ramp to the Main Street Bridge.

The hearing is being held to give interested persons an opportunity to express their views concerning the location, conceptual design, and social, economic, and environmental effects of the proposed improvements.

As of September 4, 2014, project documents will be available for your review during

normal business hours at the Florida Department of Transportation, Urban Office, 2198 Edison Avenue, Jacksonville, FL 32204. Persons wishing to submit a written statement may do so at the hearing or mail them to the address provided no later than October 6, 2014.

Public participation is solicited without regard to race, color, religion, sex, age, national origin, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Will Lyons at the number below at least 7 days before the hearing. (Si prefieres recibir esta carta en español, por favor contacte Esther Murray a las (904) 360-5348, Referencia: 435845-1).
