QUESTIONS & ANSWERS

Q1. As the scope of services are within the regulated practice of Surveying and Mapping, our members are concerned that Price information is requested in the initial submittals and is a component of the evaluation. This appears to be a violation of Florida's Consultants Competitive Negotiations Act (CCNA-FS287.055)

R1. Inasmuch as JAA's annual spend for land surveying services has historically been less than \$25,000.00, this solicitation is not governed by the Consultants' Competitive Negotiation Act or CCNA, §§ 287.055(3)(a) and (4)(c) of which indicate CCNA's applicability is for projects with estimated construction costs exceeding \$325,000.00 or for planning or study activities with fees exceeding \$35,000.00.
