EXHIBIT “B”

Date: January 1, 2025

To Whom It May Concern:

Radiodetection, LLC declares that Green Equipment Company located of 2563 Gravel Drive, Ft Worth, TX 76118 is the authorized distributor for the state of TX, AR, OK, FL, LA, MS, NM, and AL for Radiodetection LLC products for 2025. Green Equipment Company is also a factory authorized service and repair facility for Radiodetection branded products.

Further, Green Equipment Company is the authorized distributor, in this territory, for Radiodetection, LLC and Sensors and Software branded LMX100 and LMX200 Ground Penetrating Radar systems.

Radiodetection is the sole manufacturer of its products, including the LMX100 and LMX200 through our subsidiary Sensors & Software Inc. from Mississauga, Ontario, Canada.

This letter is valid through December 31, 2025. If you require further information, please do not hesitate to contact our office.

We appreciate your business.

My Best,

Simon Knights

IDENTIFICATION OF PROPRIETARY SOLE SOURCE OR NON-COMPETITIVE PURCHASES (OVER \$200)

Requisition Number: NA

Requisition Amount: \$28,876.13

Supplier Name: Green Equipment Company

Supplier Number: NA

1. **PROPRIETARY PURCHASE:** The specific make, brand and model is the only item or service which will properly fulfill the intended need, for the following reason (SELECT ONLY ONE):

- ☐ Original equipment manufacturer and/or the only distributor.
- ☐ Equipment is covered under a manufacturer warranty and vendor selected is the only local authorized warranty service representative.
- ☐ Compatibility of part is primary consideration; use of other parts could reduce effectiveness or damage equipment.
- ☐ Vendor selected is the only known local distributor and delay would result in an inefficient use of staff time and/or a loss of revenue.
- ☐ Other items or products could be used, but would require replacement of existing parts or stocking of multiple parts, as well as additional training of staff, which requirements are not cost effective.

2. **NON COMPETITIVE PURCHASE (OVER \$200):** Good or service might be available from other sources, but competitive prices cannot be obtained because (SELECT ONLY ONE):

- ☐ Vendor was called under existing contract number _____ but item and/or charges were not covered under the terms of the contract; not cost effective to call in another vendor.
- ☐ There is a charge to obtain price estimates or a charge to reassemble without repairing.
- ☐ Vendor has proprietary rights or has already completed part of work; using a new vendor would result in duplicate charges for the same work.
- ☒ Vendor specializes and/or has expertise in requested services; service may be available from other sources but vendor has unique skills that are valuable to meet the project needs (explain below).

STATEMENT OF JUSTIFICATION

The only vendor for this Ground Penetrating Radar in the State of Florida. This GPR has all the required capabilities that we are requesting to perform our locates here at JIA, CECIL, JAXEX, and HERLONG airports. These specs include:

- Ability to locate and mark all metal utilities, including pipes and cables
- Ability to locate non metallic pipes including PVC and asbestos cement
- Ability to locate storm and sewer systems
- Ability to locate utilities where the tracer wire has failed
- Ability to locate underground storage tanks and drainage tiles
- Ability to locate septic system components
- Ability to locate non utility structures such as vaults, foundation walls and concrete pads.
- Ability to generate onsite reports
- Provide Geo referencing data
- Ability to provide color coded interpretations and the ability to provide splitview visuals with real time mapview
